EDUCATION

DJ Sanghvi   **Mumbai ,Maharashtra**

B.tech in AI & ML   Expected B.tech, May 2028

Government Polytechnic   **Mumbai ,Maharashtra**

Diploma in Computer Science   *May 2025*

PROFILE SUMMARY

Targeting **Full stack Developer** roles with an organization of high repute with a scope of improving knowledge .Proficient in MERN stack **(MongoDB, Express.js, React, Node.js)** and Next.js **(Full Stack Framework),** with a strong background in building scalable web applications.

- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

EXPERIENCE

Softel Technologies INC: **January 2025 –July 2024**

Position: Backend Web Developer

Worked on CMS and CMMS porting projects, focusing on migrating legacy systems to modern platforms. Responsibilities included analyzing existing modules, ensuring data consistency, enhancing system performance, and implementing scalable solutions to improve maintainability and user efficiency.

 Responsibilities:
- Led the **porting and enhancement of CMS applications**, focusing on content migration, data consistency, and improved usability.
- Supported **CMMS porting activities**, ensuring integration with CMS modules and maintaining overall system stability.
- Collaborated with teams to test, validate, and deploy CMS-driven solutions for seamless user adoption.

PROJECTS

Doctor Appointment Application   **July 2024 – August 2024**

Tools: Next.js, Appwrite, Shadcn, Sentry

A full-stack doctor appointment application allowing patients to register, authenticate, and seamlessly book, manage, and track appointments with doctors.

Responsibilities:
- Developed a **responsive** and **user-friendly front**-end using Next.js and React, ensuring accessibility.
- Integrated **Clerk** for secure user authentication and authorization, enabling smooth patient and doctor onboarding workflows.
- Built a robust backend using Next.js API routes and **Appwrite**, handling core features such as booking, rescheduling, and cancelling appointments.
- Integrated **Sentry** for error monitoring and debugging, improving application stability.
- Leveraged **Shadcn UI** components for a consistent, modern, and intuitive user interface.

ACADEMIC ACHEIVEMENTS

- Earned a certification in Full Stack Development, demonstrating proficiency in MERN stack technologies and project management.
- Consistently maintained a percentage above 90%.

SKILLS

Programming: Java, Python, JavaScript, HTML/CSS, SQL, Node.js, React.js, C++, C, R

Tools: Android Studio, IntelliJ, PyCharm, Eclipse, AWS, Git, Bootstrap, Spring Boot, Agile
